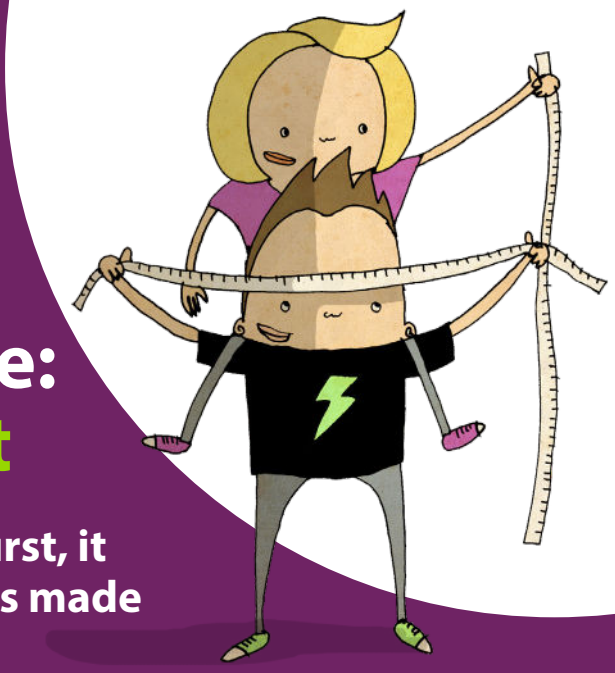
Downsizing Your Home: The Ultimate Checklist



Although the jump may seem scary at first, it doesn't have to be hard. Downsizing has made people happier and burden-free.

Read our full blog >

Step 1 - Make sure it's what you really want

- [ ] Once you've made the big move, there's no going back

Step 2 - Start viewing other smaller properties

- [ ] Do you want to remain in the same place or move to a picturesque town?

Step 3 - Prepare your home for selling

- [ ] Get started on any repairs and painting before putting your place up for sale

Step 4 - Declutter room by room

- [ ] Decluttering room by room makes the job a whole lot easier

Step 5 - Measure your furniture

- [ ] Measure all of the furniture you intend to bring with you to avoid problems with space

Step 6 - Plan for what doesn't fit

- [ ] Consider donating or selling stuff that you do not need

Step 7 - Rent a self storage unit

- [ ] A storage unit can make downsizing less stressful
